Proudly designed, engineered, and assembled in the USA of domestic and globally sourced components.

FR601E

LUMEX® by graham-field

The Powered Pivot-Arm Clinical Care Recliner our flagship recliner, is designed for patient comfort and caregiver convenience. The FR601E offers powered infinite recline positions, pivoting arms, and industry-leading comfort. With high-performance viscoelastic memory foam in the seat and backrest, it delivers comfort, outstanding support, and pressure redistribution. Recliner has Trendelenburg positioning, a manual recline override, and battery backup for operation during power failure. Optional features include USB charging ports (Type A & C), Central Locking Casters, and Foley Hook.
