

Note: The most current version of these instructions can be found online at www.grahamfield.com

- ⚠ **WARNING: Important! Read and understand these instructions before assembling or using the Full-Body Sling. If you do not understand any part of these warnings, cautions or instructions, contact a healthcare professional for direction in the use of this product. If the Full-Body Sling is not properly applied, personal injury and damage to the Full-Body Sling could result.**
- ⚠ **WARNING: If components are damaged or missing, contact your dealer immediately.**
- ⚠ **WARNING: Carefully inspect the sling weekly for wear and damage to seams, fabric, straps, and strap loops. Torn, cut, frayed or broken slings can fail, resulting in serious personal injury to the user. Use only slings that are in good condition. Discard and destroy old, unusable slings.**
- ⚠ **WARNING: DO NOT exceed the Full-Body Sling's maximum weight capacity.**
- ⚠ **WARNING: GF Health Products, Inc. assumes no responsibility for any damage or injury caused by improper application or use of this product.**

APPLICATION

1. Check the patient's weight and the sling's maximum weight capacity. Ensure that the patient's weight does not exceed the sling's maximum weight capacity.
2. Review the following procedures carefully before attempting lift; call Graham-Field Technical Support at 800-347-5678 with any questions.
3. See the Sling Loop Options table at right to determine the appropriate position.
4. See Figure 1 for correct positioning of sling on spreader bar.
5. Position the sling under and behind the patient's back with the color adjustment strap on outside. Drape **A** and **B** over the shoulders as shown in Figure 2.
6. Carefully, with help from another caregiver, if needed, pull the sling portion **C** and **D** forward to the bend of the knee as shown in Figure 2.
7. Hook sling loops **A** and **B** to spreader bar **a** and **b** as shown in Figure 3.
8. Hook sling loops **C** and **D** to spreader bar **c** and **d** as shown in Figure 3.
9. Do not lock caster brakes, in order to allow the lift to properly balance weight.

Sling Loop Options	
Long loop	reclined position
Center loop	semi-reclined position
Short loop	most upright position

10. Proceed with lift and transfer as shown in Figure 4.

MAINTENANCE

To clean sling, use a mild soap and water solution and a clean cloth. Rinse with clear water, then allow to air dry.

▲ **Caution: Never use solvents, abrasive cleaners, or scouring pads on any part of the sling.**

WARRANTY

GF Health Products, Inc. offers a one-year limited warranty against manufacturer's defects on the Full-Body Sling. If a product is deemed to be under warranty, GF Health Products, Inc. shall provide, at its option, (1) replacement of any defective part or product or (2) a credit of the original selling price made to GF Health Products, Inc.'s initial customer. The warranty does not include any labor charges incurred in replacement part(s) installation or any associated freight or shipping charges to GF Health Products, Inc.
