

## BLADES

# DISPOSABLE STERILE MINI SCALPELS

Feather sterile disposable mini scalpels feature a slender plastic handle that is ideal for surgery in limited areas such as the brain, ear, nose, mouth, blood vessels, or nerves, as well as in plastic or neonatal surgery.

Feather, a blade manufacturer of global renown, utilizes high-precision technology and carefully selected materials. Each Feather scalpel is made in Japan and meets strict ISO standards, resulting in exceptionally high quality and consistent strength and sharpness.

### Features

- Sterile: Gamma-sterilized and ready for use immediately after opening
- Single-Use/Disposable: Helps prevent patient cross-contamination
- Heat-treated stainless steel blade: Double-honed blade ensures sharp cutting edges with superb durability
- Individually packaged: Hermetically sealed aluminum foil packaging complete with clear window for product selection verification and pull tabs for easy opening
- ABS\* handle includes textured grip
- Protective snap-off cover: Protects blade and user until ready to use
- Available in 3 different sizes
- Color-coded by size: Packaging assists with blade identification
- Individually packaged 20 per dispensing box
